AUTHOR'S NOTES:

Now that we've introduced you to our Protagonist's, (sister's Keis and IlSeok Wu) and Idols, Kim Kibum (Key) and Choi Minho of 'SHINee', I'll bet you're wondering why we chose these particular characters?

In developing the story outside of Key and Minho, we needed two more male love interests and felt Yook Sungjae and Henry Lau not only fit the physical image of what we perceived our characters to be but were popular KPOP Idols as well. Never hurts to be popular! Don't be alarmed . . . their personalities are far from reality. But, after all . . . this IS Fiction!

In the selection of Jang SooMin/Keis Wu, some of you Drama fans might recognize Korean actress 'Yoon Eun Hye' who fits the mold of SooMin's (summer) alter ego Keis, due to the

massive selection of photos portraying her as not only a young woman (both nerdy and sexy), but well into her later years, for our subsequent sequels.

Jang HyeSu/IlSeok Wu is represented by, Hawaiian born, swimsuit model 'Jarah Mariano'. (Who . . . let's face it . . . LOOKS INCREDIBLE in a bathing suit.) Can't say it wasn't one of the reasons she was chosen. This is after all . . . summer in Malibu.

So, that being said, we will develop their personalities, and you will learn to adore them, despise them, and possibly even 'want to be them' at some point.
